

Results of Environmental Review of the Project

- (1) Reference Number  
06-022
- (2) Project Name  
Construction of paper mill
- (3) Project Site  
Jiangsu, China
- (4) Project Outline  
Construction of paper mill
- (5) Category  
A
- (6) Reason of Categorization  
The project falls into the large-scale pulp and paper sector and has sensitive characteristics (large-scale land development) under the Environmental Guidelines.
- (7) Environmental Permission/Approval by the Environmental Authority  
Environmental Impact Assessment Report prepared based on the relevant laws has been approved by the State Environmental Protection Administration (SEPA).
- (8) Predicted Environmental Impacts  
Planned values for air quality, water quality and noise levels comply with both the local and World Bank standards.
- (9) Natural Environmental Considerations  
The project site is located in the Nantong Economic Technological Development Area where there is no natural reserve.
- (10) Social Environmental Considerations  
There is no heritage in the project site. The land where resettlement had been completed was provided by the Chinese partner for the project site.

---

- (11) Monitoring  
Monitoring of air quality, water quality, noise level and waste will be conducted.
