### **Results of Environmental Review**

- (1) Reference Number  
11-033
- (2) Project Name  
Thermal power plant
- (3) Project Site  
West Java Province, Indonesia
- (4) Project Outline  
Construction of a thermal power plant
- (5) Category  
Category A
- (6) Reason of Categorization  
The project falls into the large-scale thermal power sector and is located in a sensitive area under the Environmental Guidelines.
- (7) Environmental Permission/Approval by the Environmental Authority  
The Environmental Impact Assessment report has been developed in accordance with Indonesian laws, and approved by the Local Government of West Java Province in Indonesia.
- (8) Anti-Pollution Measures  
Appropriate measures will be taken regarding air quality, water quality and noise to meet national standards. Other pollution prevention measures will also be taken in an appropriate manner.
- (9) Natural Environmental Considerations  
Measures for natural environmental considerations are properly managed. The deforested area of mangroves has been minimized, and the mangrove restoration plan has been implemented.

(10) Social Considerations

Measures for social considerations are properly managed. The project does not involve involuntary resettlement.

(11) Applicable International Standards

IFC Performance Standard

(12) Monitoring

The project proponent plans to monitor air quality, water quality, noise and so on. The monitoring results are supposed to be reported to the environmental authority and relevant authority on a regular basis.
