### **Results of Environmental Review**

- (1) Reference Number  
13-043
- (2) Project Name  
Supercritical coal-fired power plant
- (3) Project Site  
Karnataka, India
- (4) Project Outline  
Construction of a supercritical coal-fired power plant
- (5) Category  
Category A
- (6) Reason of Categorization  
This project falls into the large-scale thermal power sector and has sensitive characteristics under the Environmental Guidelines.
- (7) Environmental Permission/Approval by the Environmental Authority  
The Environmental Impact Assessment report has been developed in accordance with Indian laws, and approved by the Ministry of Environment and Forests in India.
- (8) Anti-Pollution Measures  
Appropriate measures will be taken regarding air quality, water quality and noise to meet Indian and international standards. Other pollution prevention measures will also be taken in an appropriate manner.
- (9) Natural Environmental Considerations  
The project site is not located at any protected area or habitat for rare species designated under the national law or international conventions.

(10) Social Considerations

Measures for social considerations are properly managed.

(11) Applicable International Standards

World Bank Safeguard Policy

(12) Monitoring

The project proponent plans to monitor air quality, water quality, noise and so on. The monitoring results are supposed to be reported to the environmental authority and relevant authority on a regular basis.
