Results of Environmental Review

(1) Reference Number15-004

(2) Project Name

Geothermal Power Plant

(3) Project Site

Aydin Province, Turkey

(4) Project Outline

Construction of Geothermal Power Plant

(5) Category

Category A

(6) Reason of Categorization

The project has sensitive characteristics under the Environmental Guidelines.

(7) Environmental Permission/Approval by the Environmental Authority

The Environmental Impact Assessment report has been developed in accordance with Turkish laws, and approved by the Ministry of Environment and Urbanisation in Turkey.

(8) Anti-Pollution Measures

Appropriate measures will be taken regarding air quality and water quality to meet Turkish and international standards. Other pollution prevention measures will also be taken in an appropriate manner.

(9) Natural Environmental Considerations

Measures for the protection of natural environment are properly managed.

(10) Social Considerations

Measures for social considerations are properly managed. The project does not involve involuntary resettlement.

(11) Applicable International Standards

World Bank Safeguard Policy

(12) Monitoring

The project proponent plans to monitor air quality, water quality, noise and so on. The monitoring results are supposed to be reported to relevant authority on a regular basis.

Questions

Q1. Please provide the address of the project site.			
Address of the project site: Gürmat Omerbeyli Field, Omerbeyli Koyu Mevkii, Germencik, Aydın,	Turkey		
Q2. Please provide brief explanation of the project.			
Construction and Operation of Geothermal Power Plant			
Q3. Will JBIC loan be applied to a new project or an executing project? In case of an executing project, please inform of strong claims by stakeholders such as local residents, as well as improvement guidance or cessation orders for construction work / operations, from environmental authorities.			
■ New Project □ Executing Project (with Claim etc.) □ Executing Project (without Claim etc.) □ Others (Please specify)		
Q4. In case of this project, is it necessary to execute Environmental Impact Assessment (EIA) based on the laws or regulations of the country where the project is to be implemented? If necessary, please inform the progress of EIA.			
 □ Required (completed) □ Required (under execution or under planning) □ Others (Please specify)		
Q5. In case that EIA is already completed, please inform whether EIA report is already approved based on the environmental assessment system of the country where the project is to be implemented or not. If EIA report is already approved, please provide the date and name of authorities of the approval.			
 □ Approved (without condition) □ Under approval process □ Others (Please specify)		
Date of Approval: Name of Authorities: Ministry of Environment and Urban Planning			
Q6. If environmental permit(s) other than EIA is required, please provide the name of required permit(s). Have you obtained required permit(s)?			
■ Obtained □ Required, but not obtained yet □ Not required □ Others (Please specify)		
Name(s) of required permit(s): EIA not required Certificate Date of Approval: 29/11/2012 Name of Authorities: Ministry of Environment and Urban Planning			
Q7. Will the loan be used for the undertaking that cannot specify the project at this stage (e.g. export or lease of machinery that has no relation with specific project, or Two Step Loan that cannot specify the project at the time of loan agreement)?			
(Yes / O, No)			
If you answered "Yes", it is not necessary to reply to the following questions.			

If you answered "No", please reply to the following questions.

Qo.	Are the	re any environmentally sensitive area shown below in and around project site?
	(Yes /	O,No)
		ed "Yes", please select applicable items by marking, and reply to following questions. ed "No", please reply to questions 9 and after.
	(2) (3) (4) (5) (6)	Ecologically important habitats (coral reefs, mangrove, tidal flats, etc.) Habitats of endangered species of which protection is required under local laws and international agreements. Areas that have risks of large scale increase in soil salinity or soil erosion Desertification areas Areas with special values from archaeological, historical and/or cultural viewpoints
Q9.	Does the	e project involve following characteristics?
	((),	Yes / No)
after.		ed "Yes", please describe the scale of applicable characteristics, and reply to the questions 10 and ed "No", please reply to questions 11 and after.
	(2) Pu (P (3) La	voluntary resettlement (Number of resettlers:) imping of groundwater (Scale: 6,190 tons /hour) ilease be noted that this is the volume not of groundwater, but of geothermal fluid.) and reclamation, development and/or clearing (Scale: ha) ieforestation (Scale: ha)
Q10. imple an EL	Unde mented, A for the	or the environmental impact assessment system of the country where the project is to be do the applicable characteristics from $(1) - (4)$ above and their scale serve as basis for executing project?
	They do	■ They do not
Q11. JBIC the acc	loan equa	BIC share in the project be equal or less than 5% of the total project cost, or the total amount of all or less than SDR 10 million? (In the case of additional support for a past project, this shall be detotal amount)
	$(\bigcirc, Y\epsilon$	es / No)
If you If you	answered	d "Yes", it is not necessary to reply to the following questions. d "No", please reply to questions 12 and after.

Q12.	Does the proj	ject belong to	either of the sec	tors that impact	t on the	environme	nt is deen	ned immaterial or
	resource to the first than the result of the second state of the s		al conditions (e.go)					non-expansionary
1011	ovation project,	, acquisition o	1 rights and inter	csts without auc	aitionai	apitai iiiv	omicit):	

(Yes/No)

If you answered "Yes", it is not necessary to reply to following questions.

If you answered "No", please reply to the questions 13 and after.

Q13. Does the project belong to the following sectors?

(Yes/No)

If you answered "Yes", please specify the sector by marking, and reply to questions 14 and after. If you answered "No", it is not necessary to reply to the following questions.

(1)	Mining
(2)	Oil and natural gas development
(3)	Pipelines
(4)	Iron and steel (projects that include large furnaces)
(5)	Non-ferrous metals smelting and refining
(6)	Petrochemicals (manufacture of raw materials; including complexes)
(7)	Petroleum refining
(8)	Oil, gas and chemical terminals
(9)	Paper and pulp
	Manufacture and transport of toxic or poisonous substances regulated by international treaties, etc.
	Thermal power
	Nuclear power
	Hydropower, dams and reservoirs
(14)	Power transmission and distribution lines involving large-scale involuntary resettlement, large-scale
	logging or submarine electrical cables
	Roads, railways and bridges
	Airports
	Ports and harbors
(18)	Sewage and wastewater treatment having sensitive characteristics or located in sensitive areas or
(10)	their vicinity
	Waste management and disposal
	Agriculture involving large-scale land-clearing or irrigation
(21)	Forestry
(22)	Tourism (construction of hotels, etc.)

Q14. Please provide information on the scale of the project (project area, area of plants and buildings, production capacity, amounts of power generation, etc.) Further, pleased explain whether an execution of EIA is required on account of the large scale of the project in the country where the project is implemented.
