

Results of Environmental Review

- (1) Reference Number  
07-016
- (2) Project Name  
Development and production of oil and natural gas
- (3) Project Site  
East Java, Indonesia
- (4) Project Outline  
Development and production of oil and natural gas
- (5) Category  
A
- (6) Reason of Categorization  
The project falls into the large-scale oil and gas sector and it is located in a sensitive area under the Environmental Guidelines.
- (7) Environmental Permission/Approval by the Environmental Authority  
The environmental impact assessment report has been made and approved by the Ministry of Environment in Indonesia.
- (8) Anti-Pollution Measures  
The planned values for air quality, water quality and noise levels meet the local standards and on the whole below/within the applicable international standards.
- (9) Natural Environmental Considerations  
It is the project with mangroves and coral reefs near the premises. Appropriate environmental considerations have been undertaken to avoid or minimize the impacts of the project through the whole process of the project.

(10) Social Considerations

No resettlement is necessary for the project. The fishery field is slightly affected by the project and appropriate consideration will be given to affected communities.

(11) Monitoring

Monitoring of air, water, coral reefs and other related parameters will be conducted.
