

Results of Environmental Review

- (1) Reference Number
12-070
- (2) Project Name
Thermal Power Plant
- (3) Project Site
Uttar Pradesh State, India
- (4) Project Outline
Construction and operation of a thermal power plant
- (5) Category
Category A
- (6) Reason of Categorization
The project falls into the large-scale thermal power sector and has sensitive characteristics under the Environmental Guidelines.
- (7) Environmental Permission/Approval by the Environmental Authority
The Environmental Impact Assessment report has been developed in accordance with Indian laws, and approved by the Ministry of Environment and Forests in India.
- (8) Anti-Pollution Measures
Appropriate measures will be taken regarding air quality, water quality and noise to meet Indian and international standards. Other pollution prevention measures will also be taken in an appropriate manner.
- (9) Natural Environmental Considerations
Measures for the protection of natural environment are properly managed.

(10) Social Considerations

Appropriate measures under the program have been taken for local people who are socially or economically affected by the project.

(11) Applicable International Standards

World Bank Safeguard Policy

(12) Monitoring

The project proponent plans to monitor air quality, water quality, noise and so on. The monitoring results are supposed to be reported to the environmental authority and relevant authority on a regular basis.
