

Results of Environmental Review

- (1) Reference Number
13-006
- (2) Project Name
Processing of steel sheets
- (3) Project Site
Anhui Province, China
- (4) Project Outline
Plating and coating steel sheets
- (5) Category
B
- (6) Reason of Categorization
This project is not expected to have significant negative environmental impacts as it is not located in or near a sensitive area, nor has it environmentally sensitive characteristics under the Environmental Guidelines.
- (7) Environmental Permission / Approval by the Environmental Authority
The Environmental Impact Assessment (EIA) report was made under the relevant environmental regulations in China, and was approved by Environmental Protection Bureau of Hefei City (Capital of Anhui Province) in October 2011.
- (8) Pollution Prevention
Appropriate measures are being taken regarding air quality, water quality and noise to meet domestic and International standards. Other measures for pollution prevention are being taken in an appropriate manner.
- (9) Natural Environmental Considerations
The project site is located in the existing industrial complex and there is no natural protection area or habitat for rare species near the premises.

(10) Social Considerations

The project site is located in the existing industrial complex and **no involuntary relocation is required**. There is no cultural heritage near the premises.

(11) Applied International Standards

World Bank Safeguard Policies

(12) Monitoring

The project proponent will conduct monitoring of air quality, water quality and noise in accordance with the local regulations. The monitoring results will be reported to the environmental authorities.
