Results of Environmental Review

- (1) Reference Number 18-026
- (2) Project Name
 Combined cycle gas-fired thermal power plant
- (3) Project Site Hamriyah, Emirate of Sharjah, United Arab Emirates
- (4) Project Outline

 The project consists of the construction and operation of power generation plant.
- (5) Category A
- (6) Reason of Categorization

 The project falls into the large-scale Thermal power sector under the Environmental Guidelines.
- (7) Environmental Permission / Approval by the Environmental Authority
 The Environmental and Social Impact Assessment (ESIA) was made
 under the laws and regulations in the United Arab Emirates, and it was
 conditionally approved by Environment and Protected Area Authority
 (EPAA) on November 1st, 2018.
- (8) Pollution Prevention

It is confirmed that appropriate measures for air quality, water quality, waste, and noise and vibration are being undertaken.

(9) Natural Environmental Considerations It is confirmed that appropriate measures for natural environment are being planned.

(10) Social Considerations

No involuntary resettlement is required and there is no cultural heritage near the project site. It is confirmed that appropriate measures for the other social impact are being planned.

(11) Applied International Standards IFC Performance Standards

(12) Monitoring

The project proponent will conduct monitoring regarding air quality, water quality, noise and vibration etc in accordance with the monitoring plan and a monitoring report will be submitted to the authority.

(end)

Questions

Q1.	Please provide the address of the project site.		•	
	ddress of the project site: Al Hamriyah site in the city of Dubai)	ne Em	irates of Sharjah (approximately 50km north-east of	
Q2.	Please provide brief explanation of the project	t.		
D	evelopment of IPP having a net power generation	on cap	pacity of approximately 1,800MW	
Q3. pleas	Will NEXI insurance be applied to a new project inform of strong claims by stakeholders subtion orders for construction work / operations,	ich as	an executing project? In case of an executing project, local residents, as well as improvement guidance or environmental authorities.	
	New Project Executing Project (without Claim etc.)		Executing Project (with Claim etc.) Others (Please specify)	
Q4. In case of this project, is it necessary to execute Environmental and Social Impact Assessment (ESIA) based on the laws or regulations of the country where the project is to be implemented? If necessary, please inform the progress of ESIA.				
	Required (Completed) Not Required		Required (Under execution or under planning) Others (Please specify)	
Q5. the e	In case that ESIA is already completed, pleas environmental and social assessment system of SIA report is already approved, please provide the	the c	form whether ESIA report is already approved based on country where the project is to be implemented or not. The and name of authorities of the approval.	
	Approved (without condition) Under approval process		Approved (conditional) Others (Plan to get approval)	
	ate of Approval:ame of Authorities:			
Q6.	If environmental and social permit(s) other nit(s). Have you obtained required permit(s)?	than I	ESIA is required, please provide the name of required	
	Obtained Not required		Required, but not obtained yet Others (Please specify)	
N	ame(s) of required permit(s):			
	Will the insurance be used for the undertaking of machinery that has no relation with specific time of loan agreement)?	ng tha c proje	t cannot specify the project at this stage (e.g. export or ect, or Two Step Loan that cannot specify the project at	
	(No)			
If yo	u answered "Yes", it is not necessary to reply to answered "No", please reply to the following	o the t	following questions. ions.	

Q8.	Are there any environmentally sensitive area(s) shown below in	and around project site(s)?		
	(No)				
	u answered "Yes", please select applicable items by marking, and u answered "No", please reply to the questions 9 and after.	reply to the following q	uestions.		
	 (1) National parks, nationally-designated protected areas (c minorities or indigenous peoples and cultural heritage, etc. (c) (2) Forests with important ecological value (including primary) (3) Habitats with important ecological value (including coral re) (4) Habitats of rare species requiring protection under domestic (5) Areas in danger of large-scale salt accumulation or soil eros (6) Areas with a remarkable tendency towards desertification (7) Areas with unique archaeological, historical or cultural value (8) Areas inhabited by ethnic minorities, indigenous peoples or life (including areas which are used for cultural or spiritu social value 	designated by national g forests and natural fores efs, mangrove wetland a legislation, internationa- tion te nomadic peoples with	overnments) ts in tropical areas) and tidal flats) al treaties, etc. traditional ways of		
Q9.	Does the project involve following characteristics?				
	(No)				
If you answered "Yes", please describe the scale of applicable characteristics, and reply to the questions 10 and after.					
If yo	u answered "No", please reply to the questions 11 and after.	0.7 1 0.00 1	1		
	 (1) Involuntary resettlement and/or loss of means of livelihood (2) Pumping of groundwater (3) Land reclamation, development and/or clearing (4) Deforestation 	(Number of affected po (Scale: (Scale: (Scale:	eople:) m3 /year) ha) ha)		
Q10. Under the environmental and social impact assessment system of the country where the project is to be implemented, do the applicable characteristics from $(1) - (4)$ of the questions 9 and their scale serve as basis for executing an ESIA for the project?					
	They do They do not Others (Please specify)			
Q11.	May the project involve significant social impacts?				
	(No)				
	u answered "Yes", please describe the outline of the impacts, and u answered "No", please reply to the questions 12 and after.	reply to the questions 12	2 and after.		
	The likelihood of severe project-related human rights impacts Others (()		
	Will the value insured by NEXI in the export, loan or investment project cost, or equal or less than SDR 10 million? (In the case of be the accumulated total amount)	ent project be equal or land	ess than 5% of the a past project, this		
	(No)				
If yo If yo	u answered "Yes", it is not necessary to reply to the following que u answered "No", please reply to the questions 13 and after.	estions.			

Q13. Does the project belong to either of the sectors that impact on the environment and society is deemed immaterial or is not anticipated under normal conditions (e.g. maintenance of the existing facilities, non-expansionary renovation project, and acquisition of rights and interests without additional capital investment)?
(No)
If you answered "Yes", it is not necessary to reply to the following questions. If you answered "No", please reply to the questions 14 and after.
Q14. Does the project belong to the following sectors?
(Yes)
If you answered "Yes", please specify the sector by marking, and reply to the questions 15 and after. If you answered "No", it is not necessary to reply to the following questions.
 ☐ (1) Mining ☐ (2) Oil and natural gas development ☐ (3) Pipelines ☐ (4) Iron and steel (projects that include large furnaces) ☐ (5) Non-ferrous metals smelting and refining ☐ (6) Petrochemicals (manufacture of raw materials; including complexes) ☐ (7) Petroleum refining ☐ (8) Oil, gas and chemical terminals ☐ (9) Paper and pulp
 ☐ (10) Cement plants (including a greenfield quarry) ☐ (11) Manufacturing and transport of toxic or poisonous substances regulated by international treaties, etc. ☐ (12) Thermal power ☐ (13) Nuclear power ☐ (14) Hydro power, dams and reservoirs
 (15) Power transmission and distribution lines involving large-scale involuntary resettlement, large-scale logging or submarine electrical cables (16) Roads, railways and bridges
 ☐ (17) Airports ☐ (18) Ports and harbors ☐ (19) Sewage and wastewater treatment having sensitive characteristics or located in sensitive areas or their vicinity
(20) Waste management and disposal (21) Agriculture involving large-scale land clearing or irrigation

Q15. Please provide information on the scale of the project (project area, area of plants and buildings, production capacity, amounts of power generation, etc.) Further, pleased explain whether an execution of EISA is required on account of the large scale of the project in the country where the project is implemented.

(23) Tourism (Construction of hotel, etc.)

The Site for the Project has an area of 92,400m². The Power Capacity of the Project will be approximately 1,800MW. EIA permit application is required by the Environmental and Protected Area Authority (EPAA).
